PROFESSIONAL STANDARDS AND
TRAINING DIVISION

TO: ARTHUR E. HERRERA, CAPTAIN
CENTURY STATION

SUBJECT: FORCE REVIEW COMMITTEE FINDINGS AND RECOMMENDATIONS, HIT SHOOTING , FEBRUARY 21, 1995, PSTD #008809

The purpose of this memo is to notify you of the review committee's findings and recommendations concerning the hit shooting incident which occurred on February 21, 1995.

The committee met on September 7, 1995, and consisted of myself and Commanders Gomez (FORII) and Pash (DET.DIV.). We determined that the use of deadly force was within department policy. The committee recommends that you debrief Deputy Bruce Chase [redacted] and Deputy Rick Rector [redacted] regarding their tactics and consideration of options. They should be commended for the positive actions that they took regarding their containment and communications with other units.

Accompanying this memo is the original PSTD Response Team package which contains the IAB and Training Bureau reports. Please evaluate the included material and complete and sign the enclosed form documenting your recommendations and actions. Return the PSTD Response Team package to me through your division chief within 30 days.

WTS:wcw

INVESTIGATIVE SUMMARY

On February 21, 1995, at approximately 2135 hours, Sergeants Timothy Cornell, Curtiss Burnett, and Lieutenant Ronald Tardiff of the Internal Affairs Bureau responded to Long Beach Boulevard and Sanborn Avenue in the city of Lynwood regarding a deputy involved shooting. In that incident, Deputies Bruce Chase, [redacted] and Rick Rector, [redacted] assigned to Century Station unit 215 PM, were investigating an illegal shooting, when they confronted the suspect, Chris Anthony Shannon.

The deputies were attempting to stop Shannon who was fleeing the area on a bicycle, when suddenly and without warning, Shannon fired one round from a 20 gauge shotgun at the deputies. Both deputies returned fire at Shannon, who was subsequently located, arrested and found suffering from three gunshots wounds.

I.A.B. Note: The information contained in this inquiry was obtained from the Complaint and Supplemental Reports under file #095-04002-2122-055 (Exhibit A) and tape recorded interviews conducted by Homicide Detectives. A copy of those tape recordings is currently on file at the Internal Affairs Bureau.

Deputy Chase stated he was driving the patrol vehicle eastbound Imperial Highway from Long Beach Boulevard, when he heard one loud gunshot coming from the southeast of their location. His partner, Deputy Rector is more familiar with the area than he and directed him to the area of California Avenue and Beechwood Avenue. This is a known gang area and their intent was to search the area for the source of the gunshot.

Chase said he drove westbound on Beechwood Avenue and observed a male wearing dark clothing and a hood over his head, (later identified as Suspect Shannon), riding a beach cruiser type bicycle (Exhibit B). The suspect was riding westbound on the south sidewalk and looked in the deputies direction and continued to ride away from them.

Chase said he drove toward Shannon and noticed he kept glancing back in their direction. Believing Shannon might possibly be involved in the shooting of the round they just heard, he decided to contact him. As Chase drove toward Shannon, he noted Shannon seemed to peddle faster.

Chase said when Shannon reached Long Beach Boulevard, he turned southbound and continued to peddle away from them on the east sidewalk. Chase saw Shannon steering the bicycle with his left hand, while reaching into his waistband with his right hand. Shannon was now looking back toward the deputies over his right and left shoulders alternately.

Chase said as he drove near Shannon, he leaned out of the car window and yelled at Shannon to stop. Shannon did not acknowledge Chase's command and continued to peddle southbound. Chase activated his amber lights and spotlight, while turning southbound into the number 3 northbound lane of Long Beach Boulevard.

Chase explained the traffic on Long Beach Boulevard was very light. He noticed there were no cars parked along the east curb, so he felt it was safe to traverse southbound in the northbound lane of traffic. As he drove closer to Shannon, he could see Shannon still had his right hand in his waistband area and noticed Shannon was now frantically looking back at them, while peddling faster.

Chase said having heard the earlier gunshot and now seeing Shannon's hand in his waistband, he felt Shannon might be armed. Chase illuminated Shannon with his spotlight and Shannon quickly glanced back over his right shoulder at the deputies. With his right arm tucked under his left armpit and his head turned back in their direction, Shannon suddenly fired one round at them from what Chase believed was a large calibre handgun.

Chase said he saw the muzzle flash and heard the report from the gun. Chase's spotlight blew out and he heard contact from the round on his windshield (Exhibits C&D). Chase responded by ducking down in the seat, and being in fear for his life he returned fire with his duty weapon. He believed Shannon was armed with a handgun and was now trying to kill them.

Chase said he noticed all of the businesses along the east side of Long Beach Boulevard behind Shannon were closed. He felt that no one was in danger by his return fire, but he knew any further rounds fired by Shannon would endanger the lives of the citizens along the west side of Long Beach Boulevard, where a large shopping center is located. Although he believed Shannon was trying to kill he and Rector, he was still cognizant of the fact that Shannon's rounds might miss him and hit an innocent bystander. This was paramount in his mind and for that reason he felt it imperative he stop Shannon.

Chase said while ducking down in the seat and returning fire he heard what sounded like his rounds hitting his spotlight (Exhibit E). He was not sure if Shannon was still firing at him or not. Chase came back up in the seat and could see Shannon still peddling southbound and it did not appear to him as though Shannon had been hit by gunfire.

Chase said he still felt threatened by Shannon and he fired several more rounds attempting to stop or disable him. Shannon still had his right hand in front of him and out of Chase's view and had not slowed down at all. Shannon then turned eastbound and traversed a dirt field at the corner of Sanborn Avenue and Long Beach Boulevard (Exhibit F). As he did so, Rector exited the patrol vehicle and took cover near the corner of a building.

Chase said road barricades blocked the entrance to eastbound Sanborn Avenue and while he was stopped momentarily, he saw Shannon jump off his bicycle and flee eastbound toward the residential area on foot. As he ran, Shannon continued to look back at Rector, who was firing rounds at him. Chase thought Shannon was still armed and was waiting for an opportunity to fire additional rounds at he and Rector. He believed the only reason Shannon was not firing at them during this time, was because he was being shot at by Rector.

Chase said Shannon continued to run eastbound, entered the driveway at [redacted] and proceeded to run northbound (Exhibit G). Chase drove through the road barricades and followed Shannon in the patrol vehicle to the mouth of that driveway. Shannon was still running full stride, had his hands in front of him and out of view, and was still looking back in Chase's direction.

Chase still believed Shannon was waiting for an opportunity to shoot at him again. He also felt Shannon would shoot at anyone who got in his away at that point, given the fact Shannon had just attempted to kill he and Rector. He believed there was nothing that would stop Shannon from killing any ordinary citizen who might get in his way.

Chase said when he looked down the driveway he noticed a number of bungalows on the left and he knew they were all residences. He felt there were probably people inside those residences and he knew there were apartments directly behind the area where Shannon was running. He felt there

was a great possibility Shannon could meet up with someone else whom he could easily shoot. Chase also noticed at the end of the long driveway there were several garage doors with vehicles parked near them (Exhibit H).

Chase said based on the above and the fact Shannon again turned back to look at him, he again felt in fear for his live and fired 3 or 4 additional rounds down the driveway in Shannon's direction (Exhibit H depicts the vehicle struck by one of Chase's rounds). Shannon then turned and ran to his right, disappearing from Chase's view. Chase explained that he was still seated in the driver's seat of the patrol vehicle when he fired these rounds.

Chase immediately activated the radio and requested assistance. Due to Rector being more familiar with the area, Chase told him to set up containment, while he ran back to Long Beach Boulevard and Sanborn Avenue to contain that area and prevent Shannon from doubling back on them.

Chase said at that point he still felt Shannon was armed and had not been hit by gunfire from either he or Rector. When Chase arrived at the corner of Long Beach Boulevard and Sanborn Avenue, he looked northbound and noticed a weapon lying in the east gutter several yards north of his position. He didn't know at the time if this was Shannon's weapon or not. He went over to the weapon and noticed it was a sawed off shotgun, which he believed was a 12 gauge (Exhibit I).

Chase then notified assisting units of what he had found and that he was not sure if that was Shannon's weapon or not. He advised the units that Shannon might still be armed.

Chase told Homicide Detectives he fired a total of 12 rounds during the incident. This information was confirmed by them during Chase's interview at Century Station.

I.A.B. NOTE: Chase stated he subsequently positively identified Shannon in a field show-up later that evening.

Deputy Rector stated he and his partner, Deputy Chase were travelling eastbound on Imperial Highway from Long Beach Boulevard when they heard a gunshot coming from south of their location. They drove southbound on California Avenue from Imperial Highway, in an effort to ascertain the source of the gunshot. Rector has prior knowledge that a street gang known as the "California Crips" are active in the area of California Avenue and Beechwood Avenue.

Rector said the area of California Avenue and Beechwood Avenue checked negative for the source of the gunshot, so they turned westbound on Beechwood Avenue and continued patrolling. They then saw a male (later determined to be Suspect Shannon) riding a bicycle westbound on Beechwood Avenue on the south sidewalk.

Rector said Shannon was dressed in all dark clothing, with a hood over his head. The deputies decided to contact Shannon to see if he knew anything about the gunshot, or was possibly the one who had fired the shot. The deputies attempted to overtake Shannon and as they approached Long Beach Boulevard, Shannon turned southbound, riding on the east sidewalk.

Rector said at that time he saw that Shannon was looking over his shoulder in their direction. Rector noted that Shannon was steering the bicycle with one hand, while reaching inside his long coat near his waistband, with the other hand.

Rector said that area of Long Beach Boulevard has a center divider, making it impossible to cut

across traffic, so they drove southbound in the number 3 northbound lane and activated their red lights to warn oncoming traffic of their presence. The deputies were attempting to put themselves in a position where they could safely exit their vehicle and contact Shannon on foot.

Rector said the entire time they were closing the distance, Shannon kept looking back at them and had his hand in his waistband. As they got closer to Shannon, Chase illuminated him with his spotlight. Shannon responded by turning and firing one round at the deputies, which hit the hood and windshield of the patrol vehicle.

Rector stated he and Chase each responded by firing rounds from their duty weapons at Shannon. Rector told investigators he feared Shannon was trying to kill them and he was attempting to get Shannon to cease his attack on them, by returning fire.

Rector said after the exchange of gunfire, Shannon kept peddling southbound as though he had not been hit. Rector then exited the patrol vehicle and took cover at the corner of a nearby building. Shannon turned eastbound and traversed a dirt lot at the corner of Sanborn Avenue. As he was riding away, Shannon continually looked back over his shoulder in the deputies direction and fearing he would again shoot at them, or anyone else who might get in his way, and in order to stop Shannon from entering a heavily populated residential area, Rector fired several more rounds at him.

Rector said Chase drove the patrol vehicle eastbound on Sanborn Avenue, paralleling Shannon's path, while he pursued Shannon on foot. Shannon rode the bicycle for several yards, then jumped off of it and continued to run eastbound on foot. Shannon then turned northbound in the driveway of the duplex's at [redacted] and Chase pulled the patrol vehicle to the curb near the driveway.

Rector said Chase was approximately 30 feet ahead of him and as the patrol vehicle stopped, Chase exited and began firing in a northerly direction. Shannon was out of Rector's view at this time and Rector told investigators he stopped and waited, because was not sure where Shannon was and if he was firing at Chase or not.

Rector said when the firing stopped he peeked around the corner of the first duplex, but he had no view of Shannon. Rector then heard Chase activate his radio and request assistance. The deputies subsequently directed assisting units into the area and set up containment.

Rector told Homicide Investigators that he fired 6 rounds from his weapon and while containing the area, loaded a fresh magazine. This information was confirmed by the detectives during Rector's interview.

Witness [redacted] told investigators that he was standing on the center divider in the middle of Long Beach Boulevard when he saw a male black (later identified as Suspect Shannon), riding a bicycle south on the east sidewalk of Long Beach Boulevard. Shannon was dressed in dark clothing and was peddling the bicycle fast down the sidewalk.

[redacted] said as he was about to cross over to the east side of the street, he saw the deputies driving the patrol car southbound in the northbound number 3 lane of Long Beach Boulevard. It appeared as though the deputies were trying to stop Shannon, telling him to halt. [redacted] noticed Shannon had something in his left hand, as he was peddling away from the deputies.

[redacted] said as Shannon and the deputies passed his position, which he estimated was approximately 20 feet from the patrol car, he saw Shannon turn and fired one round at the deputies. The deputies then returned fire and Shannon turned eastbound in the dirt field on Sanborn Avenue.

[redacted] said the deputies pursued Shannon eastbound and he lost sight of them at that point. He was afraid for his own safety, so he did not follow them. [redacted] estimated he heard the deputies fire approximately 15 or 16 rounds at Shannon.

Witness [redacted] stated he and his [redacted] were inside their [redacted] at [redacted] watching television when they heard a gunshot. The gunshot sounded like it came from a handgun and being afraid, they took cover by lying on the floor and staying low. [redacted] heard a car leaving so he told [redacted] to call the Sheriff's station. About 6 to 7 minutes later, Chris entered the apartment complex via the rear gate and yelled "[redacted] help me, I've been shot."

[redacted] said he asked Chris what happened and Chris reiterated that he had been shot. [redacted] asked who shot him and Chris responded by saying "I don't know, I have been shot, help me." [redacted] allowed Chris to enter his apartment at which time Chris asked to use the bathroom and asked [redacted] to call his (Chris') [redacted]

[redacted] said he obtained the telephone number from Chris and dialed it for him. He then handed Chris the telephone and Chris spoke with his [redacted] heard sirens coming from outside during this time, so he stepped outside his front door to see what was going on in the neighborhood.

[redacted] said he saw several deputies in front of his apartment and contacted Deputy Mike Modica, #[redacted] He told Modica that Chris was inside his apartment and had been shot.

Deputy Modica stated he then entered the apartment and saw Shannon holding some clothing. Shannon appeared to be suffering from gunshot wounds and was bleeding moderately. Modica summoned Chase and Rector to the location and they subsequently identified Shannon as the person who shot at them.

Witness [redacted] who was standing in the "Food For Less" parking lot on the west side of Long Beach Boulevard, saw the patrol car driving southbound in the number 3 northbound lane of Long Beach Boulevard. He then heard a loud "bang" that sounded like a shotgun blast. He then saw and heard two deputies fire approximately 8 gunshots which sounded like fire from an automatic weapon. He did not see who the deputies were shooting at.

Witnesses [redacted] and [redacted] for the shopping center on the west side of Long Beach Boulevard and Sanborn Avenue, were standing west of the Taco Bell located on the northwest corner. They each stated they heard one loud "bang" that sounded like a shotgun, which was followed by approximately 15 shots which sounded like fire from an automatic weapon.

Deputies I. Somoano, #[redacted] and S. Anderson, #[redacted] assigned to unit 216A PM located Witness [redacted] who resides at [redacted] stated he witnessed a shooting which occurred in front of his apartment earlier that evening.

[redacted] said as he was standing in front of his apartment talking to his [redacted] Witness [redacted] he saw a 1978 or 1979 white Toyota Celica containing four male blacks pull to the curb just south of him. The four males exited the car, walked up to [redacted] and one of the males stated "this is palm and oak" and then asked where he was from. [redacted] responded that he was not a

gang member and had only recently moved into the area.

[redacted] said after a short conversation with the four blacks, they left him alone and he started to return to his apartment. As he reached his front door, heard one of the four blacks ask a male black who was riding by them on a bicycle, "hey, where are you from?" [redacted] then turned toward the street, just in time to see the male on the bicycle, (later determined to be Suspect Shannon) fire one round from a small, possible sawed off shotgun at the group.

During a subsequent field show-up, [redacted] identified Shannon as the shooter in this incident. Deputy personnel checking the location of this prior shooting, as pointed out by [redacted] found 1 clear/grey shotgun wadding lying on the sidewalk.

Suspect Shannon was treated for his wounds at the scene of his arrest by paramedics and was subsequently transported by Adams Ambulance to Saint Francis Hospital. He was treated by Doctor Sacramento for gunshot wounds to his right hand, right biceps and left foot. He was then transported to LCMC by Adams Ambulance, accompanied by deputy personnel.

Suspect Shannon was interviewed by Homicide Detectives Bumcrot and Reyes. He stated he was riding his bicycle on Long Beach Boulevard and accidentally dropped the shotgun he was carrying. As the shotgun struck the ground, it accidentally discharged. He was confronted with the fact the pellets from the shotgun round had struck the hood and windshield of the patrol car and asked to explain how this could happen, given his explanation. Shannon did not respond, and refused to answer question and demanded to speak to his attorney. The interview was then terminated.

I.A.B. NOTE: Shannon refused to give investigators his written authorization to obtain copies of his medical records.

One round fired by Deputy Chase or Rector during this incident broke the window of the closed beauty shop located at [redacted] (Exhibit I). Homicide Detectives located the impact points of the rounds fired northbound in the driveway of [redacted] Those rounds were found in the garage doors directly behind where Shannon was running and also in the rear trunk lid of a 1988 Nissan Sentra owned by [redacted] The owners of all damaged property have been contacted by the Civil Litigation Unit for settlement purposes.
